Our Manchester Vermont Offices

Our Vermont offices lie in the shadow of Mount Equinox, nestled between the Taconic Mountains to the immediate west and the spectacular Southern Green Mountains to the east, in downtown Manchester, a Vermont business center and a frequent destination of visitors and investors from Boston and New York City.

Sullivan PLLC collaborates heavily -- nationally and locally -- with the national public audit, CPA and forensic services firm, [maughansullivanllc](#), which also maintains a strong Vermont business presence and offices in Manchester.

Allan Sullivan formerly served Vermont as General Counsel for the Agency of Human Services. His wife, Linda Joy Sullivan (and one of the principals of [maughansullivanllc](#)), presently serves on the Vermont General Assembly as a Member of the House of Representatives representing the Bennington Rutland District.

The principals of both Sullivan PLLC and [mauhgansullivanllc](#) are actively involved in public and community affairs and are keenly interested in advancing economic development initiatives designed to further technology and infrastructure projects in Vermont.

Allan and Linda Joy maintain a principal residence in Dorset, Vermont, as well as a second home in Palm Beach County, Florida. They operate separate offices in Miami.
